Highway Information from LTADD and Kentucky Transportation Cabinet Road Centerline Project. 2001-2024.

Building permits issued from Jan. 5, 2022 - June 21, 2024 were used to create this heat map.

Disclaimer: LaRue County only provided building permit data that dates back to January 2022, versus most other counties that provided building permit data dating back to January 2020. Therefore, building permit density in LaRue County looks less dense than it really is. Additionally, while Fort Knox and its 5-mile buffer do not fall in LaRue County, the county's proximity to Fort Knox is still considered close enough for it to be significantly impacted by activities and development occurring at Fort Knox.
